

# Litter Free School Zone Tally Sheet

*Thank you for participating in the Litter Free School Zone Program.*

Use this tally sheet to keep track of the dates, number of participating students and to **estimate the number of full bags to report after each cleanup** at [www.keepdelawarebeautiful.com](http://www.keepdelawarebeautiful.com).

Date	Number of Students	Hours Spent Cleaning Up	Multiply #Students and # Hours to get Total Volunteer Hours	Number of Items Collected for Proper Disposal <i>(use a separate sheet and clipboard to make hash marks for item collected. Sort trash by type to see what was littered most)</i>	Number of Recyclables <i>(sort your trash and determine what items are littered most)</i>	Estimate Number of Full Trash Bags for reporting to Keep Delaware Beautiful <i>(use your judgment as some things take up more or less space)</i>
4/22/2019	25	4	100	325	21 plastic bottles	6.5

NOTES—Interesting stories, unusual items found, quotes, or other feedback about your cleanups:
